-PROFESSIONAL SUMMARY

Motivated Full-Stack Junior Developer with professional experience in developing modern web applications using Laravel, PHP, MySQL, React.js, Material UI (MUI), Docker, and JavaScript. Skilled in building responsive user interfaces, backend API services, and database-driven systems.

Strong foundation in software engineering principles, version control, containerization, and deployment workflows. Passionate about continuous learning, writing clean maintainable code, and contributing to scalable digital solutions. Currently seeking opportunities to grow as a software developer in a collaborative and innovative environment.

-EDUCATION

Bachelor of Science in Information Technology
Brokenshire College, Madapo Davao City
2020-2024

-TECHNICAL SKILL

Programming Languages

- PHP
- JavaScript
- Python

Frontend Technologies

- React.js
- Material UI (MUI)
- HTML5
- CSS3
- Bootstrap

Backend & Frameworks

- Laravel
- RESTful API Development

Database

- MySQL

Database Tools

- DBeaver

Version Control & Collaboration

- Git
- Github
- Bitbucket

DevOps & Tools

- Docker

Other Technical Skills

- Debugging and Troubleshooting
- Basic Linux Administration
- Software Documentation

-AWARDS & RECOGNITIONS

- College Graduation Loyalty Award (2024)
- Outstanding Performance in Research - SHS
- Leadership Award - Moving Up Ceremony
- Certificate of Excellence in Athletics

-PROFESSIONAL EXPERIENCE

Full-Stack Junior Developer

Linnea Systems
Aug 2024 - Feb 2026

Key Responsibilities & Contributions:

- Develop and maintain full-stack web applications using Laravel (PHP) and React.js
- Build responsive user interfaces with Material UI, Bootstrap, HTML and CSS
- Contribute to Node.js-based project, supporting backend features and REST API development.
- Implement backend logic, authentication, and role-based access control.
- Design and manage databases using MySQL and integrate RESTful APIs.
- Use Docker for containerized development and deployment
- Collaborate using Git and Bitbucket for version control.
- Perform debugging, testing, optimization, and documentation.

-CERTIFICATIONS & TECHNICAL TRAINING

Philippine Skilling Summit 2022 - (Jun 2022)

- Robotics Process Automation (RPA) Track
- Artificial Intelligence Track
- Data Analytics Track
- Dynamics 365 Track
- 5G Track
- Virtual Reality & Augmented Reality Track
- Internet of Behaviours (IoB) Track

Programming & Web Development

- Using HTML and CSS to Design a Website - DICT (MACH) - (Aug 2022)
- Programming for Beginners using Python - DICT (MACH) - (Jun 2022)
- Programming for Intermediate Users Using Python - DICT (MACH) - (Jun 2022)
- Python Programming for Beginners - DICT Region III - (Jun 2022)

Additional Technical Training

- Linux Administration Webinar - EPCPS - (Nov 2025)
- Content Creation Using Adobe After Effects - PUP Ragay Branch - (Jun 2022)
- Virtual Private Network (VPN) Webinar - Brokenshire College - (Mar 2022)

Affiliations

- Philippine Society of Information Technology Students (PSITS) - Region XI Academic Year 2023-2024
